Keep your customers coming back

Retail

Extend your reach with a Lakeland Awning

The high street is packed with shops trying to grab the attention of busy shoppers. Make sure you stand out from the crowd with a Lakeland Awning. Available with a choice of high quality fabrics and with the option of custom printing and colours, we're confident that you'll find a Lakeland Awning which matches and enhances your brand. Our awnings are available with high performance PVC fabrics which are ideal for commercial use.

Not only does a Lakeland Awning provide an attractive façade for your window display, you can also be safe in the knowledge that any products displayed will be protected from the sun. Fresh produce remains cool and looks enticing, fabrics can be placed into a window without fear of fading and with sun protection at your window, your premises is a more comfortable place to work and shop on the inside too.

For retailers lucky enough to have outdoor space, a Lakeland Awning gives you a great opportunity to bring the indoors outdoors. Allowing customers to browse as they pass by, gives you a unique opportunity to take advantage of impulse buys and means every passer by becomes a potential customer.

"We want to stand out from the crowd."

Make the outdoors your feature

From coffee at sunrise to cocktails at sunset extend the length of time you are able to make use of your outdoor space with a retractable awning. The possibilities for using the space are endless.

Accessories such as lighting and heaters allow you to extend the time your outdoor space is used even further.

Making use of extra space means creating those all important extra covers, but without the outlay of a refurbishment and extra covers means extra profit. Not forgetting customers making a beeline for your premises to enjoy alfresco dining on those sunny days.

“Make a profit on your outdoor space.”

Perfect playtime protection

Schools and Play Groups

Creating safe, shaded outdoor areas in schools and playgroups for outdoor play and learning.

Turn outdoor areas into pleasant places to sit, play and learn underneath a retractable awning. Lakeland Awnings provide essential protection from harmful UV rays, helping to reduce the risk of sunburn and heat-related discomfort. This ensures that children can enjoy outdoor activities safely, even on sunny days. Our tried and tested shading solutions have undergone numerous tests to ensure they offer maximum protection for younger skin.

A shading solution from Lakeland Awnings will create limitless opportunities for learning and play around the school grounds. The sun's rays can be deceptive as even on overcast days UV rays can have harmful effects on the skin. Lakeland Awnings shading solutions will provide you with peace of mind that children's skin is continually protected, allowing you to concentrate on developing outdoor activities for learning and fun.

This sun awning technology is perfect to help protect the children in their outdoor play whatever the time of year and weather. With a variety of sizes, colours, and designs available, Lakeland awnings can be customized to suit the specific needs and aesthetics of your institution. Combining durability with practicality, they are a trusted choice for schools and playgroups looking to enhance their outdoor spaces and make learning and play safer for children.

“This is not only a valuable asset to the school but has opened up so many opportunities to the children to explore education outside of the classroom”

Key Features

-  Encourage outdoor play
-  Protect young skin from the harmful effects of the sun
-  A stylish and practical addition to the playground
-  Sun and wind sensors allow for automated shading at the touch of a button

Enjoy after dark

Options and Accessories

Choose from our range of accessories to make sure you get the most from your awning.

Don't let those cool, autumn evenings get in the way of enjoying your awning at night...

Patio Heaters

It doesn't matter if it's on the chilly side – simply turn on the heater and make the most of the great outdoors.

Lighting

Spend time outside even when it gets dark... just use your remote to activate the awning's lighting facilities.

Somfy Wind Sensors

The Eolis 3D WireFree Sensor battery powered wind sensor detects vibrations from high winds and automatically retracts your patio awning to protect the fabric, mechanism and your property.

Somfy Sun Sensors

The Sunis Sensor is a solar powered autonomous sun sensor that automatically controls your Somfy powered awning, providing automatic sun protection. The Soliris Sensor is a mains powered sensor that extends or retracts your awning as the sun come out or goes in.

Wireless Handsets
